I am a high school student with a passion for coding and finance. I've actively pursued various programs to expand my knowledge and expertise in programming languages and financial markets. As a soccer athlete, the sport has taught me valuable qualities like teamwork and resilience, which I apply to my academic pursuits. I love exploring innovative solutions and blending technology with finance to tackle real-world challenges. I'm eager to connect with professionals, mentors, and individuals who share my interests in coding and finance.
