EDUCATION

University of Illinois Urbana-Champaign	Urbana, IL
Bachelor of Science in Statistics , Minors in Computer Science, Data Science & Business	May 2028

PROFESSIONAL EXPERIENCE

Expanding Discovery in Economics - Economic Research Scholar	Chicago, IL
University of Chicago Booth School of Business	Jun - Aug 2025

- Conducted and presented research to 50+ attendees with a team of 5 peers, using Stata to analyze 500+ data points on micro-enterprise income, culminating in a final presentation to 100+ academic attendees at **PREDOC's** Undergraduate Research Conference at the World Bank.

Discovery Partners Institute	Chicago, IL
Data Science Digital Scholar	Jun - Aug 2024

- Cleaned, analyzed, and visualized **100+ data records** using Python, uncovering trends that informed program strategy and reporting.
- Created reproducible workflows in Google Colab that improved analysis speed and transparency for future research cohorts.

Expedia Code Nation Fellowship	Chicago, IL
Student Intern	Oct 2023 - May 2024

- Built and deployed **4+ functional web projects** using HTML, CSS, and JavaScript, including dynamic features for user interaction.
- Improved code quality and reduced debugging time by **40%** by implementing structured testing and peer code reviews

PROJECTS

Personal Portfolio Website | JavaScript, CSS, HTML, Firebase, Vercel

- Built a responsive site to showcase **projects** and writing with a clean UI/UX and accessibility.
- Implemented a contact form and project showcase page to highlight all work..

Premier League Player Analysis | Python, Pandas

- Analyzed stats of **150+** Premier League forwards from the 2023/2024 season using Python; explored correlations between goals, assists, and minutes played through statistical analysis and visualizations.

LEADERSHIP

National Association of Black Accountants (NABA) UIUC Chapter	
Communications Chair	Jun 2025 - Present

- Managed the **chapter website** (nabaiiuc.com) and digital communications for 20+ members, executing campaigns via GroupMe, Instagram, and email that boosted event RSVPs by 35%
- Developed an **AppScript**-powered points-tracking system in Google Sheets, cutting manual attendance tracking time by 75% and improving e-board eligibility transparency.

TECHNICAL SKILLS

-
- **Web Development:** HTML, CSS, JavaScript, React
 - **Programming Languages:** Kotlin, Python, R
 - **Data Analysis & Tools:** Jupyter Notebook, Stata, Microsoft Office, Google Colab (Word, Excel, Outlook, and PowerPoint)
