EDUCATION

University of Illinois Urbana-Champaign Bachelor of Science in Actuarial Science ACTUARIAL EXAMS	Champaign, IL May 2028
--	---------------------------

Sitting for Exam FM (Financial Mathematics)	October 2025
Sitting for Exam P (Probability)	Jan 2026

TECHNICAL SKILLS

- Web Development: HTML, CSS, JavaScript, React
- Data Analysis: Python, R, Stata
- Frameworks: Microsoft Excel, Google Sheets

PROFESSIONAL EXPERIENCE

Expanding Discovery in Economics - Summer Institute Fellow <i>University of Chicago Booth School of Business</i>	Chicago, IL Jun - Aug 2024
---	-------------------------------

- Co-led a research project on presenting findings at the upcoming PREDOC conference.
- Used Stata to analyze economic data and visualize trends under faculty mentorship.
- Collaborated with Brookings Institution RAs to simulate fiscal policy trade-offs using the Fiscal Ship tool.
- Investigated whether digital transactions improve income for micro-enterprises in India.

Discovery Partners Institute Data Science Digital Scholar	Chicago, IL Jun - Aug 2024
--	-------------------------------

- Applied statistical methods and Python for data analysis and visualization.
- Conducted data-driven research to uncover trends and enhance decision-making.

Expedia Code Nation Fellowship Student Intern	Chicago, IL Oct 2023 - May 2024
--	------------------------------------

- Developed 4+ fully functional web projects using HTML, CSS, and JavaScript
- Reduced debugging time by 40% by maintaining strong attention to detail, ensuring clean and error-free code

PROJECTS

Personal Portfolio Website:

JavaScript, CSS, HTML, Firebase, Vercel

- Designed and developed a fully responsive personal portfolio to showcase projects, achievements, and technical writing, with a focus on clean UI/UX and accessibility.
- Integrated Firebase Storage for dynamic project uploads and contact form submissions, and implemented a Project Bounties feature to collect and display user-generated ideas.
- Deployed on Vercel with continuous updates, version control, and live previews to support personal branding

Premier League Player Analysis:

Python, Pandas, Matplotlib

- Analyzed the correlation between player statistics in the Premier League 2023/2024 season, focusing on forwards' goals, assists, and minutes played, using Python for statistical analysis and visualization.

LEADERSHIP

Communications Chair - National Association of Black Accountants (NABA) UIUC Chapter	June 2025 - Present
---	---------------------

- Current Lead all digital infrastructure and communications for a 50+ member chapter, including website management, event calendar creation, and mass outreach via GroupMe, Instagram, and email.
- Developed a points-based incentive system to track member attendance at events, determining eligibility for end-of-year recognition and e-board applications.

Actuarial Science Club - Member	Jan 2025 - Present
---------------------------------	--------------------

- Participate in weekly discussions on industry trends, exam strategies, and career insights.
- Network with professionals and peers to gain practical actuarial knowledge.
